

is no interior space, nor does it include drawbars, couplings or hitches.

(16) "Manufactured Home" means a structure, transportable in one or more sections, which in the traveling mode, is eight body feet or more in width or forty body feet or more in length, or, when erected on site, is three hundred twenty or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein. Calculations used to determine the number of square feet in a structure will be based on the structure's exterior dimensions measured at the largest horizontal projections when erected on site. These dimensions will include all expandable rooms, cabinets, and other projections containing interior space, but do not include bay windows. This term includes all structures which meet the above requirements except the size requirements and with respect to which the manufacturer voluntarily files a certification pursuant to § 3282.13 and complies with the standards set forth in Part 3280. Nothing in this subsection should be interpreted to mean that a "manufactured home" necessarily meets the requirements of HUD's Minimum Property Standards (HUD Handbook 4900.1) or that it is automatically eligible for financing under 12 U.S.C. 1709(b).

(22) "Width of a Manufactured Home" means its largest overall width in the traveling mode, including cabinets and other projections which contain interior space. Width does not include bay windows, roof projections, overhangs, or eaves under which there is no interior space.

7. By redesignating § 3282.7 (t) through (mm) as § 3282.7 (u) through (nn) and adding a new § 3282.7(t) to read as follows:

§ 3282.7 Definitions.

(t) [Same as § 3282.2(a)(13).]

8. By revising § 3282.7(v) to read as follows:

§ 3282.7 Definitions.

(v) [Same as § 3280.2(a)(16).]

9. By adding a new § 3282.7(oo) to read as follows:

§ 3282.7 Definitions.

(oo) [Same as § 3282.2(a)(22).]
10. By revising § 3283.2(k) to read as follows:

§ 3283.2 Definitions.

(k) [Same as § 3280.2(a)(16).]

11. By revising § 3282.8(g) to read as follows:

§ 3282.8 Applicability.

(g) Recreational vehicles. Recreational vehicles are not subject to this Part, Part 3280, or Part 3283. A recreational vehicle is a vehicle which is: (1) built on a single chassis; (2) 400 square feet or less when measured at the largest horizontal projections; (3) self-propelled or permanently towable by a light duty truck; and (4) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

§ 3280.902 [Amended]

12. By removing § 3280.902(h).
13. By adding a new § 3282.13, to read as follows:

§ 3282.13 Voluntary certification.

(a) The purpose of this section is to provide a procedure for voluntary certification of non-conforming manufactured homes as required by 42 U.S.C. 5402(6) as amended by Section 308(d)(B) of the Housing and Community Development Act of 1980.

(b) Structures which meet all of the requirements of a "manufactured home" as set out in § 3282.7(u), except the size requirements, shall be "manufactured homes" if the manufacturer files with the Secretary a certification in the following form:

[Name of manufacturer and address where structures are to be manufactured] certifies that it intends to manufacture structures that meet all of the requirements of manufactured homes set forth at 42 U.S.C. 5402(6) except the size requirements. Such structures are to be treated as manufactured homes for the purposes of the National Manufactured Housing Construction and Safety Standards Act of 1974 and the regulations promulgated pursuant thereto. Such structures will be built in conformance with the Standards. [Name of manufacturer] further certifies that if, at any time it manufactures structures which are not manufactured homes, it will identify each such structure by a permanent serial number placed on the structure

during the first stage of production and that the series of serial numbers for such structures shall be distinguishable on the structures and in its records from the series of serial numbers used for manufactured homes.

(c) Whenever a manufacturer which has filed a certification pursuant to 3282.13(b) produces structures which are not manufactured homes, it must identify each such structure by placing a permanent serial number on the structure during the first stage of production. The series of serial numbers placed on these structures shall be distinguishable on the structure and in the manufacturer's records from the series of serial numbers used for manufactured homes.

(d) A manufacturer may certify a structure as a manufactured home after having applied a serial number identifying it as a structure which is not a manufactured home. To do so, the manufacturer must secure the written consent of the IPIA. This consent may only be given after a DAPIA has approved the manufacturer's design and quality assistance manual in accordance with § 3282.361, and after the IPIA has thoroughly inspected the structure in at least one stage of production and after such removal of equipment, components or materials as the IPIA may require to assure that the structure conforms to the standards. After certification as a manufactured home has been approved, the manufacturer shall remove the original serial number and add the serial number required by § 3280.6.

(e) Once a manufacturer has certified under § 3282.13(b) that it intends to build structures which are manufactured homes in all respects except size, the manufacturer must then, with respect to those structures, comply with all of the requirements of the Act and its regulations. The structures may not thereafter be exempted under any other section of these regulations.

(Sec. 625 of the National Housing Manufactured Housing Construction and Safety Standards Act of 1974, 42 U.S.C. 5424; section 7(d), Department of Housing and Urban Development Act, 42 U.S.C. 3535(o))

BILLING CODE 4210-27-M

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 6a

(T. D. 7821)

**Temporary Regulations Under Title 11
of the Omnibus Reconciliation Act of
1980; Modification of Regulations
Relating to Mortgage Subsidy Bonds**

AGENCY: Internal Revenue Service,
Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains temporary income tax regulations relating to the tax-exempt status of interest on mortgage subsidy bonds. These regulations affect all purchasers and governmental issuers of tax-exempt housing bonds. The changes made by these regulations are necessary to modify certain provisions contained in the present temporary regulations.

The regulations under § 6a.103A-2(i)(2)(ii)(E) are amended by deleting the rule which requires that prepayments of principal be treated as received on the last day of the month in which the issuer reasonably expects to receive such prepayments. The amendment provides that prepayments are treated in the same manner as regular monthly payments.

DATE: These temporary regulations are effective for governmental obligations issued after April 24, 1979.

FOR FURTHER INFORMATION CONTACT: Harold T. Flanagan of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3294).

SUPPLEMENTARY INFORMATION:**Background**

This document contains amendments to the temporary regulations relating to mortgage subsidy bonds under section 103A of the Internal Revenue Code of 1954. These amendments modify Treasury Decision 7780, published in the Federal Register for July 1, 1981 (46 FR 34311), which provided regulations under section 103A of the Code. Section 103A was enacted by the Omnibus Reconciliation Act of 1980 (Pub. L. 96-499, 94 Stat. 2660). The temporary regulations provided by this document will remain in effect until superseded by final regulations on this subject.

Explanation of Provisions

Section 103A of the Internal Revenue Code of 1954 provides that a mortgage subsidy bond shall be treated as an

obligation not described in section 103(a) (1) or (2). As such, the interest on a mortgage subsidy bond is not excludable from gross income. However, under section 103A(b)(2) a qualified mortgage bond and a qualified veterans' mortgage bond shall not be treated as a mortgage subsidy bond, and the interest thereon is excludable from gross income.

The regulations under § 6a.103A-2(i)(2)(ii)(E) are amended by deleting the rule which requires that prepayments of principal be treated as received on the last day of the month in which the issuer reasonably expects to receive such prepayments. The amendment provides that prepayments are treated in the same manner as regular monthly payments.

Evaluation of the effectiveness of these regulations will be based on comments received from offices within the Treasury and the Internal Revenue Service, other governmental agencies, and the public.

Non-Application of Executive Order 12291

The Treasury Department has determined that this temporary regulation is not subject to review under Executive Order 12291 or the Treasury and OMB implementation of the Order dated April 28, 1982.

Drafting Information

The principal author of these temporary regulations is Harold T. Flanagan of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, on matters of both substance and style.

Adoption of Amendments to the Regulations

**PART 6a—TEMPORARY
REGULATIONS UNDER TITLE II OF
THE OMNIBUS RECONCILIATION
ACT OF 1980**

Accordingly, 26 CFR Part 6a is amended as follows:

Section 6a.103A-2 is amended by revising paragraph (i)(2)(ii)(E) to read as follows:

§ 6a.103A-2 Qualified mortgage bond.

(i) *Arbitrage and investment gain.*

(2) *Effective rate of mortgage interest not to exceed bond yield by more than 1 percentage point.* * * *

(ii) *Effective rate of interest.* * * *

(E) The effective rate of interest on any mortgage shall be determined in a manner consistent with actuarial methods and shall take into account the discounted value of all amounts from the time received to an amount equal to the "purchase price" of the mortgage. Such discount rate is the effective rate of interest on the mortgages. The "purchase price" of a mortgage means the net amount loaned to the mortgagor. For example, if a mortgage loan is in the amount of \$30,000 and the mortgagor is charged one point (\$300) as an origination fee which amount is deducted from loan proceeds available to the mortgagor, the purchase price is \$29,700. If interest on an issue is paid semiannually, all regular monthly mortgage payments and prepayments of principal may be treated as being received at the end of each semiannual debt service period. * * *

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

Roscoe L. Egger, Jr.,

Commissioner of Internal Revenue.

VETERANS ADMINISTRATION**38 CFR Part 3****Veterans Benefits; Evidence of Marriage and Birth**

AGENCY: Veterans Administration.

ACTION: Final regulation amendments.

SUMMARY: The Veterans Administration has amended its adjudication regulations governing evidence of marriage and birth. These amendments require a claimant to submit documentary evidence of marriage and birth without exception. The need for this change results from our obligation to preserve the integrity of Veterans Administration benefit programs.

EFFECTIVE DATE: June 14, 1982.

FOR FURTHER INFORMATION CONTACT: T. H. Spindle, Jr. (202-389-3005).

SUPPLEMENTARY INFORMATION: On pages 12362 and 12363 of the Federal Register of March 23, 1982, the Veterans Administration published proposed amendments of 38 CFR 3.205, 3.209. Interested persons were given until April 22, 1982, to submit comments, suggestions, or objections to the proposed amendments.

We received no comments, suggestions, or objections to the

proposed amendment of §§ 3.205 and 3.209. The amendments are adopted as proposed.

The Administrator hereby certifies that these regulation amendments will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601-612. The reason for this certification is that these regulations deal with the type of evidence which must be submitted by individuals applying for Veterans Administration benefits. Any impact upon small entities would be incidental and slight. Pursuant to 5 U.S.C. 605(b), these regulation amendments are therefore exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

In accordance with Executive Order 12291, Federal Regulation, we have determined that these regulation changes are nonmajor for the following reasons:

- (1) They will not have an effect on the economy of \$100 million or more.
- (2) They will not cause a major increase in costs or prices.
- (3) They will not have significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52****[A-4-FRL 2139-4]****Approval and Promulgation of Implementation Plans; Florida: Revision of Sulfur Dioxide Rule for Tampa Electric Company's Gannon Station**

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: EPA today announces its approval of a state implementation plan (SIP) revision submitted and adopted by Florida to allow the Tampa Electric Company (TECO) Gannon Station to revert to coal firing in four of its six boilers. There will be no increase in actual emissions of sulfur dioxide from the plant as a result of the conversion. The conversion of oil-fired units back to coal is consistent with our nation's plan to reduce our reliance upon oil for generating electricity while preventing violations of the ambient air quality standards. EPA has reviewed and determined that the requested coal sampling and analytical testing procedures submitted by the Department of Environmental Regulation (DER) are acceptable and will ensure compliance with the emission limiting cap imposed on the plant. EPA proposed this action on September 8, 1981 (46 FR 44785), and received no comments.
